PEACE COUNCIL MEETS IN FIRST FULL FORMAL SESSION PROSPECTS FOR RAPID PROGRESS IN WORK ENCOURAGING

Apparent Defeat of Bolshevism in Germany

Gives Hope of Stabilized Government and Representation at Council

LEAGUE OF NATIONS PROBLEM TO BE FIRST TAKEN UP SINGLE MINDEDLY

All Questions at Issue to be Settled Before Enemy Delegates Arrive

Russia's Status Still Unsettled By Delegates

PARIS, JANUARY 18.—(Associated Press)—With the assembling of the first full session of the peace congress today the prospects of the notable assembly of statesmen making rapid progress with its work seems in hand by the apparent defeat of Bolshevism in Germany, thus opening the way to stabilizing the government and the prospects of its being able to send responsible representatives to the conference.

The congress is expected to devote itself single mindedly to the creation of a league of nations, and the first steps toward formation of that league, it is understood, will be taken today.

A study of the methods by which the league can be organized will be committed formally to an inter-allied commission sitting contemporaneously with the congress which will present the result of its labors at the wind-up of the congress.

All questions at issue of whatever kind will be settled before the enemy delegates arrive, the allied minister recognizing the vital importance of presenting an unbroken front to the enemy.

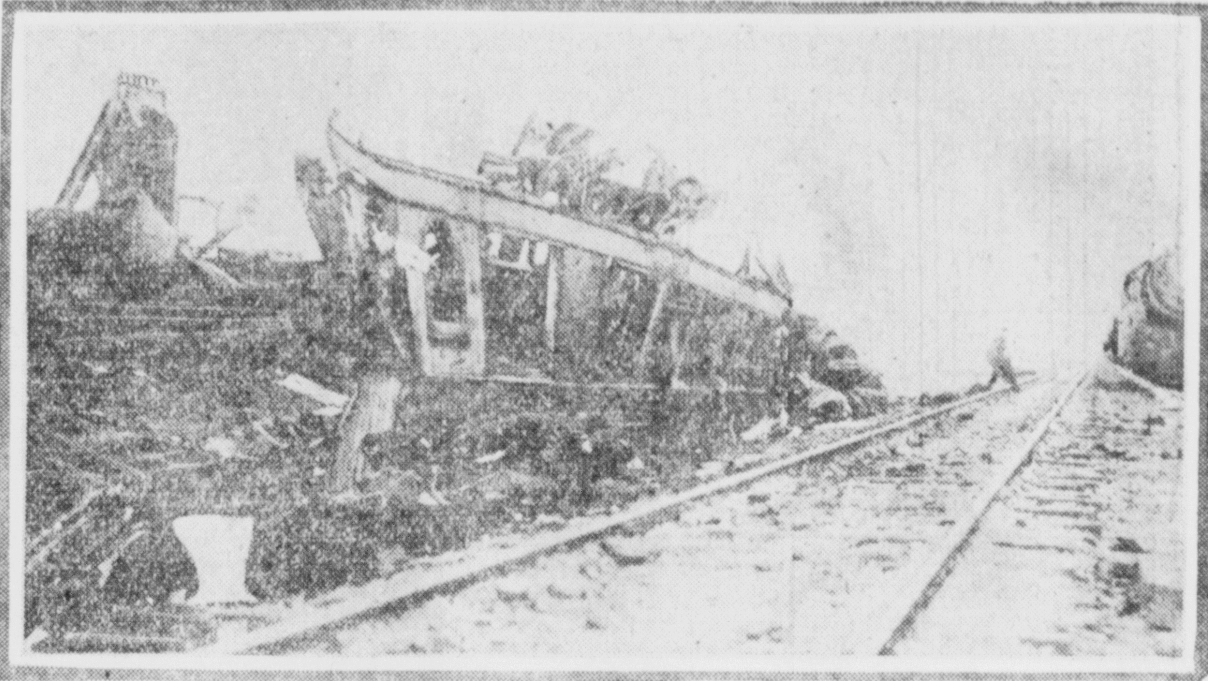

As regards Russia it is stated that the five leading powers have agreed that her representation by any Russian element is impossible for the moment. It is argued that the admission of former Premier Levasov or any other man who figured in previous Russian government might give the Bolsheviks a chance to declare that the powers were supporting a monarchial regime.

THE DELEGATES HOLD ALL FINAL PRELIMINARIES

(By Associated Press)
Paris, January 18.—All the peace delegations held final meetings this morning before assembling of the peace congress this afternoon.

The American delegation,

met at ten o'clock but President Wilson did not attend, remaining at the Murat mansion throughout the morning to rest.

While there had been some expectation that President Wilson might address the opening session on behalf of the foreign delegates in response to President Poincaré's address of welcome, it was finally determined there would be no speeches except those by Poincaré and Clemenceau, when the Premier takes the chair as the presiding officer of the congress.

THE AGREEMENT FOR ARMISTICE TIME EXTENSION

Signed by Marshal Foch and German Commissioners

(By Associated Press)
Paris, January 18.—The agreement for the renewal of the German armistice signed by Marshal Foch, Admiral Browning and the German armistice commissioners Thursday, provides for the renewal of the armistice from time to time after the month for which the extension runs until the conclusion of peace, subject to the approval of the allied governments.

GERMANS NAME THE DELEGATES TO CONFERENCE

(By Associated Press)
Basel, Switzerland, January 18.—The German government according to a dispatch from Berlin has appointed Count von Brockdorff Rantzau, the foreign minister and Philipp Scheidemann as the heads of the German delegation to the peace conference. The government has drawn up lines of policy which the German delegation "must follow."

The German delegation, the dispatch says, will oppose the demands of the allies which go beyond the program outlined by President Wilson. The delegation will seek the immediate suspension of all economic measures against Germany.

DR. HERSKOWITZ RETURNS

WEATHER

Washington, January 18.—(Associated Press)—Weather predictions for the week beginning Monday issued by the Weather Bureau today are:

Temperatures will be high first and near normal for the last half of the week. Considerable cloudiness and occasional rains and snows probable.

FOCH INSISTS ON STRICT HUN COMPLIANCE

(By Associated Press)

Paris, January 18.—Marshal Foch, according to the Matin, will immediately break off the armistice with Germany if the conditions of the armistice are not fulfilled.

The allied commander-in-chief, the newspaper adds, does not believe the Germans exaggerated when they cried "famine."

The situation of Austria and Prussia, the Marshal is quoted as saying is near the starvation point.

Germany still possesses an army, the Marshal declared, but the allies hold the Rhine which is of supreme strategic importance.

Marshal Foch is said to have declared that he did not believe a Bolshevik invasion through Germany to France was possible.

SENATE FIXES EXCESS PROFIT TAXES RATES

(By Associated Press)

Washington, January 18.—Senate rates for taxing excess war profits of corporations in 1920 and thereafter estimated to raise about \$1,600,000,000 annually were agreed today by conferees on the war revenue bill. A decision on the 1919 rates was reserved.

Senate conferees agreed to the extension of the 80 percent war profits levy in 1920 applicable only to war contracts which still may remain.

DEMOBILIZATION WILL PROCEED TO THE MINIMUM OF OBLIGATIONS

Force of Occupation Fixed by Agreement at Time Armistice Was Signed

Grand Total Discharged Now Reaches 1,281,000 Men

(By Associated Press)

Washington, January 18.—American forces in France and in the occupied territory of Germany are to be reduced to the minimum strength "consistent of our national obligations," General March said today. He added Marshal Foch had been informed of this policy by General Pershing.

What strength is to be maintained is under discussion now by American military officers and allied leaders. No report has been received indicating the number of divisions to be supplied by the United States but General March was positive it would be far less than the 30 divisions given in unofficial statements as the probable American military contribution.

The American force for the occupied zone was fixed by international agreement at the time the armistice was signed. General March said Marshal Foch undoubtedly would refuse to permit the reduction of his total strength to a point where it would be inadequate to handle possible disturbance.

Demobilization of all army units in the United States has been ordered. General March announced, with exception of the regular army regiments needed for camp guard purposes and various detachments necessary to continue the demobilization process. The total now listed for demobilization is 1,177,000.

Troops actually returned from France now number 104,000. This gives a grand total ordered discharged of 1,281,000, of which 768,626 men and 51,593 officers have been discharged to date. The rate of discharges again is nearing the maximum capacity of 1,000 men per camp per day after an interruption by the holidays.

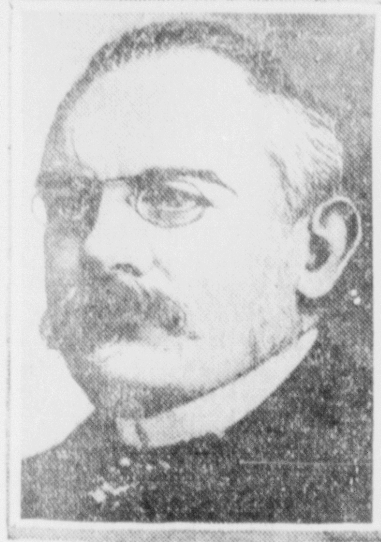

In addition to the regular regiments from the blanket demobilization orders include the cavalry on the southern border, coast artillery, detachments at ports and the medical personnel. This last force now numbers 55,000 but General March said it would be reduced as the number of men it had to care for was reduced.

Sergeant at Arms of Senate to Take Possession of All Documents

(By Associated Press)

Washington, January 18.—In the Ford-Newbury Michigan senatorial election contest the Senate elections committee today decided to have the Senate sergeant at arms take possession of all ballots, poll books and other documentary evidence to be held for future examination. An immediate investigation is not planned.

CLAIM TROOPS WRONGLY SHOT DR. LIEBKNECHT

(By Associated Press)

London, January 18.—Independent socialists at Berlin assert Dr. Karl Liebknecht, shot and killed Thursday, did not attempt to escape from the troops, but was shot through the forehead at a few paces distant by soldiers guarding him, according to a Copenhagen dispatch.

The Freiheit, of Berlin, is calling upon workers there to begin a general strike, it is reported.

POINCAIRE FORMALLY OPENS THE CONFERENCE

Allied Nations Are Thanked For Choosing Paris

When Cycle of Horror is Ending Hopes Conference Will Acquit Themselves Well

(By Associated Press)

Paris, January 18.—The peace conference was formally opened this afternoon with a speech by President Poincaré.

President Poincaré thanked the allied nations for choosing Paris for their important work and praised the valor of the allied armies which had preserved the capital of France from the enemy.

Continuing he said in part:

"At the moment when the cycle of horror is ending all the powers whose delegates are assembled here may acquit themselves of any share in the crime which has resulted in so unprecedented a disaster. What gives you this authority to establish a peace of justice is the fact that none of the people of whom you are the delegates has had any part in the injustice. Humanity can place confidence in you because you are not among those who have outraged the rights of humanity."

"There is no need of further information or of special inquiries into the origin of the drama which has just shaken the world. The truth bathed in blood has already escaped from the imperial archives. The premeditated character of the trap is today clearly proved."

NEWSPAPER MEN MAKE REQUESTS OF THE COUNCIL

Representation For Correspondents and News Agencies Are Requested

(By Associated Press)

Paris, January 18.—The representatives of the American newspaper men here today in acknowledging the receipt of the supreme council's decision regarding publicity requested that if secret sessions are held the names of countries presenting motions and subjects of motions be announced later. They demand a minimum of five press seats for the Americans with priority for the three press associations serving newspapers generally.

In response to a request presented today it was decided to permit all regularly accredited American correspondents to attend the opening session of the peace conference today. The seating capacity is limited but there is standing room for all in adjoining rooms.

Pigeon Toed?

That's the best way to wear out tires. If your shoes are just grinding off, you are probably "pigeon-toed" or "out-of-alignment." If you think maybe that's the cause, just drive up to the front door some day and we'll measure them up to see. It won't cost you a cent! We're as much interested in saving tires and making them run far as we are in selling new ones. That's how we do our business. Customers are getting thousands of miles from their tires—Diamonds. W. C. T. U. ADOPTS RESOLUTIONS

Resolutions adopted by the County Executive Committee of the Women's Christian Temperance Union held Friday in the Y. M. C. A.

Since the W. C. T. U. openly stands not alone for temperance, but for the protection and education of children, the preservation of the home, purity of life, and the single standard for man and woman, be it resolved:

First: That we urge that justice be meted out for all offenders against the principles for which we stand.

Second: That we protest against the manner in which the Fred Zimmerman case has been handled by the Juvenile Court.

Third: That we demand that the sentence against Fred Zimmerman be executed immediately, especially since the girls who were his victims are now serving their sentences at the Girls' Industrial School.

Fourth: That the women of the W. C. T. U. of Fayette county stand as a unit back of Mrs. G. Bruce Franklin in her fight for the protection of children, for purity of thought and action and high ideals of morality in public and private life.

Be it further resolved that a copy of these resolutions be sent to the papers of the county for publication. Jan. 18, 1919. Committee.

LABOR BUREAU HAS MANY JOBS READY

The Free Employment Bureau, with offices in the Court House, has many jobs available at the present time, although most of the work is out of the city.

Quite a number of farm jobs are available for good men, and the other jobs are said to offer good pay. Within the next few weeks it is expected that scores of additional jobs will be available in this city and county, particularly on the farms, and it is believed that there should be comparatively few persons out of work when the busy season opens up once more.

THIRD HUSBAND UNDER ARREST

Howard Price, third husband of Bertha Wolfe-Sword-Barten-Price, was placed under arrest at the home of his brother near Sedalia Friday afternoon upon an affidavit filed in Dayton and Price was placed in the county jail to await the arrival of the Montgomery county authorities. It is claimed that Price knew of the woman's previous marriage and that he was living, prior to applying for license in Dayton to wed the girl. The so-called wife of Price, it will be recalled, was arrested a few days ago on a bigamy charge and taken to Dayton. It is supposed that the man's arrest grows out of information of her by the girl.

Because of vermin, Price was thoroughly fumigated upon his arrival at the county jail.

PROBERS PUZZLED OVER CAR WRECK

The officials of the Ohio Electric Company and other probers of the traction wreck in London, last Monday night in which five persons were killed and a half score badly injured, have not been able to decide why the brakes refused to work.

The investigators have learned, it is claimed, that the car was traveling 40 miles an hour down grade when the brakes were applied and did not work.

A FALSE ALARM IS GIVEN SHERIFF

Sheriff N. B. Hall was called into rural districts, about 9 o'clock Friday night, in response to complaint that gypsies were camping along the highway at a certain point, and it was feared that the gypsies would be stealing from the adjoining farms.

When he reached the scene Sheriff Hall found an inoffensive farmer who was moving from Madison county to below Chillicothe, and who had camped for the night.

The Wesley Chapel Mite Society will hold a meeting at the home of Mrs. John Noble, South Fayette St., at 2:30 p. m. Wednesday. Election of officers and payment of dues. A good attendance is urged. Secy.

SUMMIT SCENE OF ANOTHER SMASH

The "Summit" near Spargarsville, on the D. T. & L. railroad, was the scene of another disastrous freight wreck Wednesday night, when some 35 cars loaded with coal were piled in the ditch, and traffic was tied up until Saturday morning, when the first trains were able to resume their regular trips.

During the interval between Wednesday night and Saturday morning transfer was made by way of the N. & W. and B. & O. through Chillicothe.

The wreck is said to greatly exceed the big wreck of a few months ago when many coal cars were ditched.

DEATH REMOVES FORMER RESIDENT

The relatives and many friends of Mrs. Mary Albaugh-Sturgeon, former resident of this city, will learn with much regret of her death, as announced in the Circleville Herald.

"Mrs. Mary Albaugh-Sturgeon, wife of Mr. Z. Taylor Sturgeon, died at her home in Lancaster, Ohio, at thirty minutes after ten o'clock this morning from the effects of a blood clot on the brain.

Deceased was a daughter of the late William Smith of Washington C. H., she came to Circleville as the second wife of William H. Albaugh Sr., deceased, some years since. During her residence here she endeared herself to a wide circle of acquaintances both in religious and social circles.

In her death her husband loses one whose place will be hard to fill and her children, a loving mother; the surviving children are, Alice, wife of W. G. Jacobs of this city; Mary, wife of Edward E. Winslip, Hart, Mich.; Anna, wife of Dr. H. B. DePue of Parkersburg, W. Va., and one step-daughter, Mrs. Sadie Hoover, of Los Angeles, California."

52,000 MACHINE GUNS ARE TESTED

Considerable ceremony marked the final day's labor of the 300 officers and soldiers at the armorer's school at Wilbur Wright Field at Fairfield, where for some days the labor of fully testing 52,000 machine guns has been going on. When the last gun was set up for test, the wife of Col. E. B. K. Muhlenberg, pulled the trigger that fired the final round of twenty shots. Moving pictures were taken. Lt. A. F. Casey was master of ceremonies Tuesday and all men on the field took a prominent part. The gun, from which the Colonel's wife sent her last shots, was the last of 52,000 tested and finally assembled at the field. From it there were fired 200 rounds in bursts of 30.

Since the armorer's school was established the guns have been received here from the Lewis plant, where they were tested and passed upon, but to satisfy the government and war of officials they were taken down, assembled and tested again before being turned over for their trip overseas. In the testing at the field 170,000 rounds of firing had been made and about \$1,500,000 spent for ammunition which gives some idea of the elaborate program carried out here.—Kenia Gazette.

DEATH CALLS WIDOW AFTER LONG ILLNESS

Mrs. Rhoda F. Webb, widow of the late James Webb, and one of the old and highly respected residents of this community, passed away at 1:40 a. m. Saturday morning, at her home on Circle Avenue.

Mrs. Webb was seventy six years old and had been in failing health for some time. She is survived by three children, Jesse H. of Cleveland, Madison and Belle M., at home, who mourn the loss of a devoted mother, whose deepest interests always centered in her home.

Mr. Jesse H. Webb arrived from Cleveland Saturday morning. Funeral services will be held Monday at 2 p. m. at the residence, Rev. Arthur P. Cherrington officiating. The burial will be made in the Washington cemetery.

ROLL OF HONOR

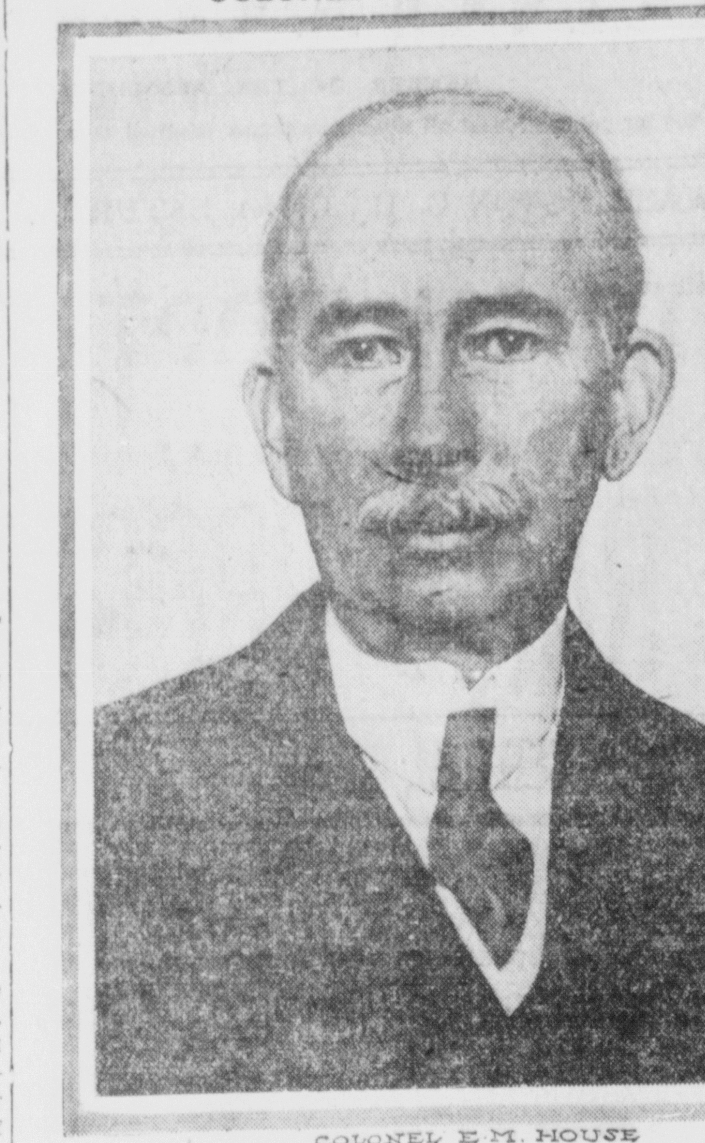

Total casualties today are 610, and of these 51 are Ohioans, the only one in this part of the state being Private Virgil T. Harris, of Chillicothe.

The list is divided as follows. Killed in action 78; died of disease 148; wounded severely 173; wounded degree undetermined 83; wounded slightly 76; missing in action, 9.

COLONEL HOUSE IMPROVING

COLONEL E. M. HOUSE

An unconfirmed report was current in financial circles that Colonel E. M. House, President Wilson's closest adviser and one of the American peace conferees, had died in Paris. Colonel House has been ill in Paris for some weeks. At first he was forced to take to his bed by an attack of influenza and after apparently recovering was several days ago again unable to attend the peace conferences.

LAKE LOSSES IN 1918 HEAVIEST IN MANY YEARS

Heavy Toll of Life Due to French Mine Sweepers Sinking.

Monetary Loss Estimated at Close to \$8,000,000.

(By Associated Press)
Detroit, Mich., January 18.—Nineteen deaths and a loss to shipping of from \$6,000,000 to \$8,000,000 is the disaster toll of the 1918 shipping season on the Great Lakes, according to figures compiled here. The loss of life was unusually heavy, due to the drowning of 78 men of the two French mine sweepers that disappeared in a gale on Lake Superior November 24. Loss to shipping was the lightest in many years.

Four vessels were sunk in collisions, five foundered in storms, and the Congdon, one of the largest new ships on the lakes, went to pieces on Canoe rocks, near Passage Island, Lake Superior, with its cargo of grain, involving a loss of \$1,500,000.

The two French mine sweepers, Cerissoles and Inkerman, ocean-bound from Fort William, Ont., became separated from their fleet and disappeared like shadow craft, with an estimated loss of \$2,000,000.

In 1918 three vessels were raised including the whaleback, Henry Cort sunk by the steamer Midvale in Lake Erie in December, 1917.

War restrictions on such commodities as coal, and the transfer of large vessels to ocean service, made traffic lighter than during the previous four years. Traffic through the Sault Ste. Marie locks aggregated \$5,680,327 tons, the lightest in four years, with a combined registered tonnage of 61,100, 244, the lowest since 1915. Total passages were 20,610 in four years.

Copper shipments were light in 1918, but iron ore shipments were unusually heavy.

Marine men predict that a new big tonnage record will be established next season, starting with the big grain movement down the lakes in the spring. They declare that a greater quantity of grain is stored in the holds of ships on the lakes this winter than ever before in the Great Lakes navigation history.

The fourth United States government lock at Sault Ste. Marie, the largest in the world, was practically completed this season.

MARRIED HERE, IS SERIOUSLY CHARGED BY FEDERAL COURT

Just because she could not with stand the temptation to take two allotments of soldiers with whom she was alleged to be living as wife, Mrs. Della Harris was arraigned before

U. S. Commissioner Lyle S. Evans at noon today.

The story which the federal government puts into evidence against Mrs. Harris is that she married Edgar Graves at Washington C. H. while he was a member of the 40th Company, 10th Training battalion and she got an allotment as a soldier's wife from him. Then she went to Newport News where she lived as the common law wife of Edward Sandige a member of Co. C, 430th battalion, and she was also drawing an allotment from him.

The manner in which the Red Cross section at this station learned of the woman drawing two allotments was due to the application of the mother of Sandige for a mother's allotment as dependent. Upon investigation it was learned that Sandige's allotment was being sent to his wife who happened to be Mrs. Harris of this city.

Mrs. Harris claimed here that she was merely housekeeper for Sandige and when arrested in this city at noon at the home of her mother on North Walnut street she did not give much trouble.

Upon being arraigned she pleaded not guilty and was put under \$500 bond to appear before the federal grand jury. She furnished the bond and was released.—Chillicothe Gazette.

The Mob's Work

Dr. Karl Liebknecht and Rosa Luxemburg, the Bolshevik agitators, whose preachings and teachings and exhortations resulted in rioting, bloodshed and a reign of terror in Berlin have been slain by the mobs.

Both were brutally murdered. There was no apprehension and no trial. The safeguards which society places about unfortunates accused of crime were absent. Those safeguards, which law and order and sanity, have erected, if they had not been ruthlessly torn down by the agitators themselves would have protected them from the violence of the mobs.

Dr. Liebknecht and Rosa Luxemburg preached and taught mob law, mob violence, terrorism and the destruction of all organized government. They set in motion the great juggernaut of lawlessness under which they themselves perished miserably.

The world deploras mob law. The brutal murder of Liebknecht and Luxemburg can't be justified by any law-abiding people, but there is a grim and awful lesson to be learned from their fate.

If human beings were to perish by the forces which those anarchists advocated it is just that they themselves should be the victims.

We wonder how many Bolsheviks would stay the hand of the mob, which they incite to deeds of violence, if they knew that they themselves would be called to account before the monster of their creation. If realization came to Liebknecht and Luxemburg it came too late. Perhaps their fate may bring to others a realization which will save them and hundreds of more innocent from a violent death.

Give Them a Hand

Many folks think that some arrangement could be made by our local war work organizations, the Red Cross, the Y. M. C. A., the Women's Council, or the War Work Council, some one of them or all of them acting in conjunction, to keep in touch with similar organizations at different points in the state, so that they can be notified when our boys are on the way home and then arrange for a greeting. Enough to show the boys that the home folks have thought of them and are glad they are back again.

It seems a little hard for the returning soldier who has seen service abroad to get off the train in the old home town without someone there to meet him and greet him.

The relatives can help immensely too by seeing to it that the public is advised, just as soon as definite word is received.

The matter has been a difficult one to look after because the boys are coming home so irregularly. Their detention is unexpected and their arrival is usually a surprise, but nevertheless our splendid organizations have accomplished much more difficult work in war time. Let's see if we can work out the finale. Remember that the home-coming is the biggest event in the soldier's life—bigger even than going away. Let's arrange to give them a hand.

Apples

"An apple a day keeps the doctor away." That's what we heard and learned to believe back yonder in the good old days when we had plenty of apples all winter long. There is some truth too in the old saying. Nature has made apples to grow in this locality doubtless because they are good for folks who live here, to eat during the winter season with all the rich, heavy food which tastes so good and is so good for us during cold weather.

Time was when almost every family had its barrel or barrels of apples for winter use just the same as they had wood or coal, but that was before the time of refrigerator cars, cold storage plants and fast freight lines and before the destructive "scale" affected all the fruit trees hereabouts.

Now we can get oranges and grape fruit from California and Florida, and bananas from the West Indies in more abundance and at far less cost than we can get apples.

When we sit down in the home at evening and think of that time when a plate of large, rich red colored, luscious eating apples was on almost every table in the home where oranges were scarce and a luxury of the Christmas season, our mouth waters for a good apple and we would trade all the heaped up tropical fruits displayed on every hand for one good "eatin' apple."

Wonder what becomes of our apples any way, and why they have been sidetracked.

POEM FOR TODAY

FROST PICTURES

Here are paths that allure me. If I could
I'd rest awhile and leave my care behind.
And wander down white ways into the wood
That offers refuge we can never find
Where life is. The white trees are very still,
White birds with frozen songs held on the air,
Arrested winds—no sorrow and no ill,
Nor any creeping fear may enter there,
It is a vision of such peace as numbs
The pain of conscious being. The paths wait
And wait for those who would be glad to come,
But, blind with living, cannot find the gate.

Beset by life, and looking out again
Upon the common way that waits my feet,
I found a vision on the window pane
That shut away the sordid, cruel street,
I may not enter that white paradise,
And life is real as the living know,
But I have seen it with my tired eyes,
And it has given me the strength to go
On the rough way to what I cannot see—
The end—who knows the end? But peace is good,
And I have looked upon tranquilly,
And seen a vision as a pilgrim should.

RHINE MUST BE BARRIER SAYS FOCH

River Natural Barrier and Must Be Made So Says Allied Military Leader

Praises Yanks Declaring They Have "Devil's Own Punch"

(By Associated Press)

Troves, Wednesday, Jan. 15.—It is the conviction of Marshal Foch that the Rhine must be made the barrier between Germany and France. He expressed this clearly when he received American newspaper correspondents.

Marshal Foch pointed out the difficulties that had been overcome and said that peace must be commensurate with the price of victory. Germany now was beaten, he added, but with her resources, especially in men recuperation in a comparatively short time was quite possible. It was now the duty of the allies to prevent further aggressions.

Marshal Foch praised the work of the American troops and said that General Pershing had asked that the American forces be concentrated for an attack on one sector. The allied generalissimo admitted that the Argonne-Meuse front, where the Americans began their offensive on Sept. 26, was a sector "hard to tackle."

The marshal said he had told General Pershing: "You men have the devil's own punch. They will get away with all that; go to it." "The American attack succeeded," the marshal continued, "and here we are on the Rhine."

"The armistice was not concluded too soon and the allies got all they asked for from Germany without continuing the fighting." The allies, the marshal said, were prepared for another offensive stroke which would have forced the Germans to give up. This was to have been made in Lorraine on Nov. 14 with six American and 20 French divisions.

"This is for me," Marshal Foch began, "a happy opportunity to tell you all the good things I think of the American army and of the part it played on our side. Your soldiers were superb. They came to us young, enthusiastic and carried forward a vigorous idealism and they marched to battle with admirable gallantry."

"Yes they were superb—there is no other word. When they appeared our armies were, as you know, fatigued by three years of relentless struggle and the mantle of war lay heavily upon them. We were mag-

nificantly comforted by the virility of your Americans.

"The youth of the United States brought a renewal of the hope that hastened victory. Not only was this moral fact of the highest importance, but you also brought enormous material aid and the wealth which you placed at our disposal contributed to the final success. Nobody among us will ever forget what America did."

Marshal Foch was asked by the correspondent:

"But was not the armistice concluded too soon?"

"It was not possible to do otherwise," answered the marshal, "because the Germans gave us everything that we asked for at once. They satisfied all of our conditions. It was difficult to ask more. Doubtless any general would have preferred to have continued the struggle and to have battle when the battle which offered itself was so promising, but a father of a family could not but help think of the blood that would be shed. A victory, however easy, costs the lives of men. We held victory in our grasp without any further sacrifice. We took it as it came."

"The German high command was not ignorant of the fact that it faced colossal disaster."

"France has a right to effective measures of protection after the formidable efforts she put forth to save civilization. The natural frontier which will protect civilization is the Rhine."

"It is on the Rhine that we must hold the Germans. It is by using the Rhine that we must make it impossible for them to recommence the coup of 1914. The Rhine is the common barrier of all the allies, precisely of all those who united to save civilization. The Rhine is the guarantee of peace for all the nations who have shed their blood in the cause of liberty. Then let us watch on the Rhine."

SUFFRAGE FIGHT TO BE REOPENED

(By Associated Press)

Columbus, O., January 18.—Undismayed by defeat at the polls two years ago, advocates of Woman's Suffrage are coming back with their proposal to extend the right of presidential suffrage to women in Ohio.

The suffrage bill introduced in the House by Representative James A. Reynolds, of Cleveland is identical with the bill passed by the General Assembly two years ago which was later defeated on a referendum vote of the people.

Suffragists plan to press their proposal for adoption after the prohibition measure is out of the way and are claiming big majorities in both houses.

If the proposal is adopted, it will undoubtedly again be submitted to a vote of the people. Suffrage leaders have been quietly working pledging members of the Legislature to their cause.

News of Interest to Women

Mr. and Mrs. Geo. O. Ghormley entertained Thursday with a twelve o'clock dinner Mr. and Mrs. R. W. Duncan, Mr. and Mrs. Sam Dewey, Mrs. James Collier, Mrs. Maggie Ghormley, Mr. Will Bonner, Misses Allie and Mattie Bonner, Mr. Ray Duncan and Misses Esther Duncan and Mary Ghormley.—Thursday the Greenfield Republican.

If an immense assemblage, splendid music and an unalloyed good time spell success, then the dance given at the K. of P. Castle, Friday night by the Pythian Sisters and the Washington Band spelled success with a capital "S".

That the introduction of bank music for dancing—the first time in years—appealed to Terpsichore's followers was conclusively proved by the hundred and fifty couples on the floor—the music, the beautiful K. of P. Castle and the onlookers enjoyment of the gay scene, also drew numerous spectators.

It was the largest dance ever held in the K. of P. ball room and in years there has not been as large a one.

Of course the music was the leading incentive—the band numerically full and playing with fine spirit and rhythm, opened the program with an overture and march and drifted smoothly into the first waltz. The only criticism offered was that at times the waltzes were a little fast, but that was corrected later in the evening.

The Washington Orchestra played beautifully part of the time and the plaudits given to both band and orchestra were enthusiastic and were rewarded by the encores desired.

There were out of town guests galore from surrounding cities and they joined with local people in urging the dance promoters to give a second dance with the same music in the near future. Plans will soon be underway to do this.

There was a refreshment booth well patronized.

The management had all the arrangements under admirable supervision and feels deeply grateful to

all those who contributed kindly assistance in making the affair an unqualified success.

Quite a furor was recently created at a ball at the K. of C. hall in Camp Sherman by a dainty creature who arrived late in her limousine and. That the introduction of band music in all her silken clothes and exquisite opera cloak made her way into the dance hall on the arm of her soldier attendant.

She seemed like some vision that had just stepped in for a few high jinks on her return home from the opera or other "high brow" social function, as her gorgeous evening wrap was thrust aside, disclosing her décolleté gown of lace and tinsel and her attractive coiffure of auburn hair with its rare paradise plume.

The Chillicothe News-Advertiser in reporting the dance said:

There were many overseas men at the party, and although they had just returned from the land of beautiful women, they, too, were captivated by the petite mademoiselle, who was soon surrounded by a host of men in khaki as well as officers beseeching a dance or two. Out on the floor glided the fair belle on the arm of the lucky soldier while the eyes of the less fortunate followed her as she gracefully made her way in and out the crowd of dancers. Many of the fair sex present shrugged a haughty shoulder and shot angry glances at the intruder as their admirers sought the new flame.

Toward the end of the dance, Mlle. Georgette was escorted to the stage to be introduced to the party as a member of the company now showing at the Liberty theatre and dances.

Soon a clear rich mezzo-soprano voice burst into a pleasing melody that verified the early expression that the fair mademoiselle was "some body." Next came the Cleopatra song, and in this the dancer advanced down the auditorium floor in all the grace and abandon and sinuous skill of the Egyptian, while wild applause greeted her on all sides. Suddenly, by a few movements of her hand, the fair dancer stood before them sans wig sans female charm, and another dream was shattered for many a soldier for the belle of the ball was none other than Private Porter from the 40th Infantry, one of the most clever female impersonators in camp, who has before this fooled many a soldier and officer in camp by his clever work. The young ladies fair had the last laugh and they went home assured of their laurels.

The members of the M. S. Kensington Club with their families delightfully entertained with a farewell party at the home of Mr. and Mrs. Harry Sollars on the Hays road Thursday evening honoring Mr. and Mrs. M. O. Nunn and son Marion, Mr. and Mrs. Wilbur Hidy, Mr. and Mrs. Roy Thompson and Mr. and Mrs. Frank Pope, who are moving from the neighborhood in the near future.

Several pretty musical selections were rendered by Mrs. Earl Fry and Miss Yvonne Baker. A dainty luncheon was served at the close of a very enjoyable evening.

It aims to cultivate and develop in its readers those fundamental impulses toward generosity, kindness, and helpfulness that are the life and soul of the Red Cross organization.

The magazine is also a financial asset to the organization. A substantial profit for the Red Cross is being earned each month.

Mrs. A. Wood and daughter, Miss Clara, enjoyably entertained Mrs. Mary Corbitt and daughter, Roxie and Mrs. John Carr and Mr. and Mrs. Jesse P. Kellough, of Urbana for dinner Friday.

The High School Glee Clubs will present the musical comedy, "Pinafore," this spring and several members of the caste and company have composed theater parties in Columbus this week to see the "Pinafore" production at the Grand Theatre, staged by the same company, that so delighted audiences at the Olen-tangy Park Theatre the past summer.

Grove Davis, Edward Lewis, Willis Willis, Joseph Wilson and Edwin Shoop composed a party on Wednesday night. Misses Maxine Kibbler and Jessie Sunkle and Dorothy Parrett attended the matinee Saturday afternoon. Mrs. H. C. Parrett accompanying her daughter.

At the fortnightly dinners, which are becoming very popular with the teachers at the East Side School building, Miss Gertrude Channel and Miss Gladys Nelson were charming hostesses, Thursday noon.

A delicious "baked bean" dinner was served in the dining hall, and through out the dinner hour victrola music gave added enjoyment.

The guests were the other teachers of the building, Misses Faye Jobe, Phyllis Davis, Naomi Rowan, and Dora Mae Stewart.

Otho Culberson received his discharge from Camp Jackson, Columbia South Carolina last week, and has returned to his home in Mill-edgeville.

Mrs. J. L. Chapman and son, Emerson, are spending the day with Mr. and Mrs. Herbert Lewis in New Holland.

Mr. W. D. Craig returned Friday from a business trip to Cleveland.

Mr. and Mrs. R. T. McClure, daughter, Enid and son Fourt, are spending Sunday in Bloomingburg, the guests of Mr. and Mrs. J. M. McClure.

Captain Russel Mobley, who has just returned from a year's service in France and was discharged from Camp Dix, N. J., Friday, was the guest of Dr. C. V. Lanum and other friends, Saturday, enroute to his home in Hope Arkansas. Capt. Mobley gave a graphic description of the torpeding of their transport, on their way over seas, and related other thrilling experiences of his war career.

Mrs. Thomas Blair, daughter, Helen Louise, and Mr. Howard Feagans are spending several days in Lancaster with their sister, Mrs. H. E. Willis and family.

Mrs. J. B. McCoy is ill with influenza at her home, south of town.

Miss Lora Ellen Tharp came down from Columbus this afternoon to spend Sunday with her parents, Mr. and Mrs. W. A. Tharp.

Mr. A. W. Minnick has received word from Athens that his daughter, Miss Martha, is improving nicely from a serious attack of influenza, to the relief of many anxious friends.

Miss Gladys Penner comes home from Ohio Wesleyan University, Delaware, this afternoon to spend a few days with her parents, Mr. and Mrs. W. W. Penner, who expect to leave for the south next week.

MAY BE FREED BY GRAND JURY

The impression is gaining ground around the County Court House at Mineola, L. I., that Mme. Marie Augustine Lebaudy will not even be indicted for the slaying of her husband, Jacques Lebaudy, so-called "Emperor of Sahara," Dr. William F. McGinnis, rector of the Catholic Church, Westbury, L. I., appeared before the Grand Jury at Mineola and declared he had been called by Mme. Lebaudy at all hours of the day and night to save her and her pretty daughter Jacqueline from the savage attacks of the eccentric millionaire. The accumulated evidence since the tragedy in the Lebaudy home at Westbury, all tend to show that Mme. Lebaudy shot to save herself and in defense of her daughter's honor.

Mr. Morris McGinnis was a business visitor in Columbus Friday.

Miss Mazie Priddy, of Greenfield, is spending the day visiting her sister Mrs. Ralph Penn, and shopping here.

Mrs. Frank Demorest and daughter, Mary Virginia, of Bloomingburg are the guests of Mr. and Mrs. G. H. Lloyd today.

HUN ACTIVITY IN MEXICO IS STILL GROWING

(By Associated Press)
Mexico City, January 14. — Germany's surrender served only to spur German propagandists in Mexico to loftier heights of mendacity. In a country where access to news is free than it is in Mexico, their lies would soon prove boomerangs, but in this country, despite their clumsy subterfuges, the propagandists met with some success in befogging the issue of real victory.

In this they were aided by the fact that the first report of the signing of the armistice on November 7 was false. Admission of this fact by pro-Ally papers gave the German agents a hook on which to hang charges that subsequent reports also were without basis in truth.

The out and out pro-German papers asserted that the armistice terms favored Germany. They admitted that the German fleet was held in British waters, but declared that it had not "surrendered," but was being held on until peace was concluded and, as an artistic touch, modestly claimed that the 400 allied warships "saluted" the German engines of war at the "internment." The surrender of Germany's submarines was passed over as lightly as possible.

According to the pro-German periodicals only one-sixteenth of the German fleet was given up, not its "heart." A huge navy, they said, built during the course of the war and held in waters unknown to the Allies, was ready at any moment to give battle to the Allied fleets. That this propaganda is intended, not for military purposes, but to preserve the tattered rags of German prestige in Mexico for after the war trade purposes, is indicated by an article in one German paper, warning Mexico to beware of British goods.

One pro-German organ which has at times reported acts calculated to stir up hostile feeling against the United States, is preparing a way out should German support completely vanish by publishing another paper, called Imparcial, and which treats the Allies with gentleness and apparently is adopting an attitude of "disinterested neutrality," which words appear to be the favorites of the anti-Ally journalist since Germany's capitulation.

HEAVY CLAIMS OF STOCKMEN

(By Associated Press)
Columbus, O., January 18.—Claims against the state of Ohio aggregating more than \$250,000 from farmers, stockgrowers and dairymen for animals slaughtered because of contagious diseases will be taken up at once by finance committee of the House and Senate.

"These claims should have been paid two years ago," said Senator Davis, chairman of the Senate Finance Committee. They were provided for by the Last Legislature in the Sundry appropriation bill which failed to pass.

Senator Davis said many dairymen had been compelled to borrow money to replenish their herds because the state had failed to pay these claims.

MAIN POINTS OF BOLSHEVISM

(By Associated Press)
Amsterdam, January 17.—The five cardinal points of Bolshevism are, according to M. Oudendyk, formerly Dutch Minister in Petrograd, as follows:
One: High wages.

Two: Don't work.
Three: Take other people's property.
Four: No punishment.
Five: No taxation.

"I wish," said Mr. Oudendyk, "to give a solemn warning to the working classes of all nations against the high-falutin notions which I have seen in Russia. Bolshevism, I say without exaggeration, is the end of civilization. I have known Russia intimately for twenty years under the old regime and under the new conditions. Never have the working classes of Russia suffered as they are doing at the present moment notwithstanding all that the present so-called ruling classes in that country choose to tell the world.

NO DANGER OF HUNGER AMONG THE YANKEES

Tours, January 2.—(Correspondence of the Associated Press)—Whoever goes hungry in Europe this winter it will not be the American soldiers. The daily stocks in hand reported by the Quartermaster's Department of the American Expeditionary Forces gives an idea of supplies only when it is remembered they represent reserves held between daily consumption and arrivals known to be enroute. Potatoes furnish a striking example. The stock in hand at the last report was 8,200,000 pounds and yet the American forces are receiving 30,000 tons of potatoes a month which makes 60,000,000 pounds chiefly from Ireland. Potatoes being perishable it would not be wise to keep double the daily stocks in hand. Others were as follows:

Fresh beef, 16,600,000 pounds; tinned beef, 23,700,000 pounds; tinned bacon, 26,300,000 pounds; tinned salmon 9,440,000 pounds; flour, 166,000,000 pounds; oatmeal, 2,000,000 pounds; cornmeal, 6,000,000 pounds; dry beans 26,000,000 pounds; baked beans, 27,000,000 pounds; rice 8,000,000 pounds; onions, 1,000,000 pounds tomatoes, 36,000,000 pounds; jams, 2,000,000 pounds, prunes, 2,000,000 pounds; sugar, 28,000,000 pounds.

This list does not include other feeds running beyond a million pounds like dried vegetables, syrup, bacon in bulk, hard tack, hominy, dried and fresh fruits as well as cheese macaroni, butter and lard.

ASK THAT HUNS BE PUNISHED

London, January 16.—(By Associated Press)—Editors and publishers of American trade journals who recently visited the former battlefronts in France, sent a letter to President Wilson during his stay in England in which they proposed punishment for the German leaders and their agents for piracy, murder and pillage. The communication was signed by Horace M. Swetland of New York, as chairman of the party of journalists; Roger W. Allen, president of the New York Business Publishers Association, and nine others from New York, Boston, and Chicago.

After stating that they had visited the battlefields, ruined cities and obliterated villages of Belgium and France, they added in their letter: "The devastation and ruin wrought are not the work of one man or a group of men. They are the result of a system the policies of which have been executed with thoroughness by a willing people. The evidences of organized pillage and vandalism are on every hand."

BOLSHEVISTS READY TO QUIT

Copenhagen, January 18.—(By Associated Press)—Maxim Litvinoff, the former Bolshevik ambassador at London, has sent a note to President Wilson declaring that the Bolshevik government of Russia is prepared to cease its world propaganda if the allies will agree to enter into peace negotiations with it, according to the Social Demokraten.

HORSE RUNS AWAY MAN'S LEG BROKEN

Carl Graham, residing on the Johnson farm at Johnson's Crossing, had his right leg broken below the knee, Saturday, when a horse ran away with him, dragging him by a trace chain for some distance.

The break is an unusually severe one. Mr. Graham was brought to this city for medical attention.

THE FRANK L. STUTSON COMPANY

TO DISCHARGE ALL UNITS NOW IN U. S. CAMPS

Only Enough Left in Camps for Police Duty.

Will Speed Up Work of Returning Overseas Men.

Washington, January 17.—(By Associated Press)—Demobilization of combat units in the United States has been ordered, General March, chief of staff has told the house military committee today. This means, he added, that every unit of the army in the United States, with the exception of two regular regiments held for police duty at each camp, has been ordered demobilized.

The men affected by these orders, General March said, were those not already discharged of the 1,700,000 who were in the United States when the armistice was signed. Units re-

turning from abroad are ordered automatically to demobilization camps.

Secretary Baker supplemented Gen. March's statement by saying it was hoped to get the flow of troops homeward from Europe up to between 200,000 and 300,000 a month. He could not forecast definitely when the entire army would be returned, but said that with the alteration of 30 cargo vessels to carry troops, the rapidity of the movement could be increased.

Delay Action on Bill
The house military committee practically reached an agreement today in conference with Secretary Baker and General March, chief of staff, to postpone the war department reorganization bill until the next session of Congress.

A suggestion by Chairman Dent that a legislative rider on the army appropriation bill continuing the existing war organization of the department and the regular army for another year be substituted for the reorganization measure, met with approval.

ROUMANIA TO RECEIVE HELP

(By Associated Press)
London, January 17.—The British foreign office has sent the following telegram to the British ministry at Bucharest:

"The British and the United States governments have taken emergency action with a view to seeing that supplies arrive in Roumania, and the case of Roumania, including provision for financial credits for the purchase of foodstuffs, is being considered at the present session of the interallied supreme council of supply and relief, now sitting at Paris.

"The government and people of Roumania may rest assured that the council will do its utmost to secure that adequate measures shall be taken for the furnishing of supplies as early as possible."

THIRD DEFEAT IS SUFFERED BY LOCAL HI TEAM

Greenfield Turns Trick In Final Minutes of Play, Winning 36 to 23.

Luck and So-called "Fouls" Aid Greenfield in Taking Long End of Score.

The local High School Basket Ball five succumbed before the attack of the veteran Greenfield team in the most interesting game of the season.

The game was not decided until the last five minutes of play, when Greenfield, by the aid of a great amount of pure luck and with the several points garnered from the numerous fouls which the referee was wont to call on the Court House boys, managed to slip into the lead.

The final score of 36 to 23 favoring Greenfield does not indicate the closeness of the contest. The first half stood 10 to 11 for Greenfield and the third quarter found the teams tied, 18 to 18.

Washington easily outplayed the McLain Athletes in floor work, but Greenfield did superior basket shooting, which accounts for the Greenfield victory.

DeWees, Washington's forward, led off in goals with an even half dozen and a free throw extra. The work of the entire team was commendable.

McCauley, forward for Greenfield, tied with DeWees for baskets, also putting six through the net.
The lineup: Washington—DeWees, I. F. Geiger, R. F. Willis, C. Rogers, I. G. Laughlin, R. G. Greenfield—McCauley, I. G. Durnell, R. F. Daughtery, C. Hiatt, I. G. Baumgardner, R. G. A large crowd of enthusiastic rooters made the trip with the team to Greenfield.

and the fact that birds are being killed and other mischief committed by the owners.

Further complaints will be investigated promptly and necessary action taken to guarantee that no further trouble will result.

FARMERS' WEEK IS BIG EVENT

(By Associated Press)

Columbus, O., January 18.—Federal and state agricultural experts and farmers from every section of Ohio will congregate here the week of January 27th for the seventh annual Farmers' Week program to be held by the College of Agriculture at Ohio State university.

Eighty-some county farm bureaus of Ohio, now having 34,000 members, expect to complete the organization of a new state-wide body at that time to be known as the Ohio Farm Bureau association.

Reports of work accomplished in several of the counties and important general conferences will be held regarding detailed plans and administration. More than twenty state agricultural associations will meet at the College of Agriculture during that week.

NOTICE J. O. U. A. M.

MEMOIR

KINKEAD

Esther Elizabeth Kinkead, daughter of John and Maria Row, was born near Staunton, Fayette county, May 11, 1855, and met death in a railway accident January 13, 1919, aged 23 years, 8 months and 2 days. She was the ninth child in a family of 19 children, seven boys and three girls.

She being the youngest daughter, two brothers preceded her to the spirit world, both dying in infancy, her father was killed in a railway accident 11 years ago. She leaves her devoted husband and little son Glenn, (also injured at the same time) her mother, Mrs. Maria Row of Washington C. H., five brothers, Charles, who is now in France, Ben, Mark and Austin of Washington C. H., and John of Greenfield, two sisters, Mrs. R. M. Davenport of Columbus and Mrs. C. L. Larkin of Frankfort, Ohio, besides many other relatives and a host of friends to mourn her untimely death. She had a pronounced faith in God and was a firm believer in all of his promises. She was a member of the M. E. Church of Staunton, Ohio. She was of a sunny disposition and always looked upon the bright side of life. She loved her home as can be seen by her works therein. She was a devoted and loving wife, a noble mother, an obedient daughter, and a kind sister to all those near and dear to her. She was a good neighbor, a true friend, who was always ready and willing to help anyone in need. It can be truly said of her she was a noble woman, her work here is done and she has gone to that beautiful home not made with hands.

A precious one from us has gone
A voice we loved is stilled,
A place is vacant in our home
That never can be filled.

Those attending the funeral services held in Columbus Thursday from a distance, Mrs. Maria Row of Washington C. H., Mrs. Mary and Frances Van

Dyke, Mrs. Edith Bobo of Athens, Mr. W. A. Furry of Washington C. H., Mr. H. V. O'Day and Mrs. Patrick Donnelly of Springfield, Mr. and Mrs. John Row and daughter of Greenfield, Mr. and Mrs. C. L. Larkin and family of Frankfort.

CONFERENCE NOT OPEN TO PUBLIC DECISION MADE

Paris, January 18.—(By Associated Press)—The deliberations of the peace congress are not to be open to the public.

An official statement of much length was issued Thursday giving the reasons for the stand taken on the question of publicity.

It tells of the "limitations of publicity" and closes as follows:
"In calling attention to these necessary limitations of publicity these representatives of the powers do not underrate the importance of carrying public opinion with them in the vast task by which they are confronted. They recognize that unless public opinion approves of the results of their labors they will be nugatory."

"This reasoning applies with conclusive force to the present conversation between the representatives of the great powers."

"With regard to the full conferences the following rule was adopted: 'Representatives of the press shall be admitted to the meetings of the full conference, but upon necessary occasions the deliberations of the conference may be held in camera.'"

Hear the Cheney Play the "Garibaldi Hymn"—The National Anthem of Italy

The National Anthem of Italy glorifies the achievements of Giuseppe Garibaldi (1807-82) the great Italian general and patriot who fought to bring about the unity of Italy. It is the very spirit of Italy set to music. The Garibaldi Hymn, "Inno di Guerra del Cacciatori," is one of the most inspiring of all the national anthems.

YOUR pulse beats quicker when the Cheney plays Italy's National Anthem.

This great battle song nerved the hard-pressed soldiers of Italy to fight with incredible valor and snatch victory from defeat at the very crisis of the world-war.

The Cheney plays all makes of disc records with absolute fidelity to the original voice or instrument.

Its wonderful performance is due to entirely new sound-reproducing inventions, covered by basic patents.

It breathes the breath of life into each record played.

A variety of superb period models.
